Ninth Straight Victory for the Cincinnatio, Who Decent the Brooklyns A Game for the Boatons Baltimore Passes Cleve-land Chicago Downs the Quakers-Notes

After the New Yorks had been retired in the first half of the sixth inning in the game at Cleveland yesterday rain prevented further proceedings, but as the visitors were in the lead at the time, the New York players relished the atorm. This victory of the New Yorks just suited Buck Ewing, for it cave the Cincinnati players a chance of increasing their lead over l'ebeau's players. The Brooklyns played a hard game against the Cincinnatis, but failed to sheck the winning streak of the home players, It being their ninth straight victory. The Orioles again beat the Louisvilles, and at the same time moved into second place, while the Chicagos, by defeating the Philadelphias, advanced one notch by reason of Pittsburgh's defeat at the hands of the Bostons. A twelve-inning game was played at St. Louis, the home team New York, 5; Cleveland, 2. Clusinnati, 7; brooklyn, 5.

CLEVELAND, July 13,-It was so hot here when Kid Gleason led his forces into the Cleveland diamond this afternoon that even Tebeau's baseball language seemed chilly in comparison. The air that in the practice work before the game the men moved about like woodenIndians. When time was called a regular Coney Island fog descended over the grounds, growing in heaviness until, as the game progressed, the outfielders were scarcely discernible from the grand stand,

until, as the game progressed, the outfielders were scarcely discernible from the grand stand. Along in the third inning a breeze ap rung up, blew away the fog, and brought on a rain storm. At first the rain fell fine and misty, steadily increasing in intensity, until finally the water fell in torrents. The fifth inning was played with the rain coming down heavily, and frwm sent a towel ous-to Sullivan, but Umpire Hurst would not call the game, continuing it until the second man came to bat in the last half of the sixth, when even nautical Tim had to give in and run for shelter, and the rain showing ho signs of stooping at the end of 50 minutes, it was shally called.

Stafford's hit after he had struck at the atmosphere twice in the first liming went on an ideal vacation to the left meadow, while Stafford's wings were spread for a flight that ended only when second base was reached. He advanced to third on Tiernan's easy out, and scored on Gleason's slow grounder. It was one, two, three for the visitors in the next two innings, and in the fourth only four men faced the pitcher. Things were different in the fifth. Connaughton bunted prettily, taking second on Wilson's sacridee. Sullivan struck out, but Zimmer dropped the ball, which was kicked by Sullivan, and the Spiders had to be content with throwing the pitcher out instead of catching Connaughton at third. Van Haltren grounded the ball to right, georing Connaughton. Stafford had another two has a lit up his sieeve wien he came to bat, and it was all wool, scoring Connaughton. Tiernan singled, and tilesson's when he came to bat, and it was all wool, scor-ing Van Haltren. Tiernan singled, and Gleason's low fiv to short centre scored Stafford and Tiernan. The "Kid" was left at third. Pitcher Sullivan was anything but easy for the Spidera, who cast him off last year. Two of their hits were scratches. The score:

Trouble Ahead for Manager Irwin. CLEVELAND, July 13,-"The doors of the Curahoga county jail yawn for Manager Artle Irwin," is the way Capt. Pat Tebean expressed himself when questioned as to the war that is being waged in his name by the Robisons and the National League, and there is as much truth as poetry in the remark. This afternoon a deputy sheriff served an injunction on Manager Irwin, Capt. Glesson, and Umpire Hurst restraining them or any of their employees or straining them or any of their employees of representatives from interfering with Capt. Tebeau or any other of the Cleveland players or in any way seeking to interfere with their games being credited to them. In spite of this injunction Manager Irwin notified Umpire Hurst before the game that he protested the game. In consequence of this set President Robisson of the Cleveland Club said to-night that he would make complaint to Judge Stone of the Circuit Court to-morrow and that the only possible outcome would be the issuance of a warrant for the arrest of Irwin for contempt of court in making a protest after being ordered by the court not to do so. Umpire Hurst received telegraphic instructions from President Young to notify Tebeau that he was incligible to play and that if he played the game was liable to protest. Tebeau remained off the grounds until the papers were served. The pregramme to-night is to arrest Irwin to-morrow and take him into court. He will be released on bail, President Frank Robison signing his bail bond. representatives from interfering with Capt.

AQUEDUCT'S OPENING DAY.

DEERSLAYER WINS THE CARTER HANDICAP AFIER A HARD BACE.

The Son of Midiothian Runs the Mile and a Furiong in 1:55-Large Fields and Good Sport at the Queens County Jockey Club's Track-Nay Nay Quite a Good Thing. Four thousand sweltering spectators witnessed the highly successful opening yesterday of the Queens County Jockey Club's July meeting at Aqueduct. The heat was intense, with only slight breeze stirring, and that coming from a quarter which brought no relief to the gasping, mopping occupants of the grand stand. There vas enough good sport on the track, however to offset the discomfort caused by the hot wave the horses, as a rule, running true to form, and treating the big crowd to a couple of rattling

The event of the day was the Cartor Handicap, a purse of \$1,000, for three-year-olds and upward, at a mile and a furlong, with Deerslayer, Lehman, Charade, and other high-class horses engaged. Lebman, with Taral up, and Deerslayer, with Doggett in the saddle, were both heavily backed to win, the former going to the post a slight favorite. The start was prompt and good, Keefe hustling old Capt, T. at once to the front in the usual Daly style. The burly, long-striding chestnut stallion led the field to the head of the homestretch, Powers on the tall, leggy, coarse-necked Farthing keeping in second place, about a length back, with Lehman and Deerslayer in close attendance. The latter two were within easy striking distance of Capt. T. as they turned for home, and when the big horse swerved and died away a moment later there was a rousing race for the wire between Lehman and Deerslayer. Farthing having shot his bolt, Lehman kept the backers of Deerslayer on the anxious seat until the last furlong pole had been passed, and there he gave it up. Galant little Charade came out of the ruck with a fine burst of speed and beat the favorite a good half length for the place. Septour ran a good race, finishing fast on the extreme outside of the track in the last furlong. The time, 1:55, s said to equal the best record ever made at the distance on the Aqueduct track. Deerslayer

was all out at the wire.

The opening race of the meeting brought a mammoth field to the post, fifteen starters lin ing up on the narrow backstretch for the dash of five and a baif furlongs. Zanone was a hot favorite, with Lambent a strong second choice. The race was between these two, the finish jus tifying the judgment of the talent, as Zanone won handily by half a length, with Lambent three lengths in front of Balmaghie, who finished third.

Another favorite proved true to the talent in the second race, a selling purse for three-year olds and upward, at a mile and a sixteenth. Charles Fleischmann's The Dragon, unsubstanial looking, with one of his hind legs marked from hock to pastern with the scars of a firing iron, but a fast horse nevertheless, dashed to the front at the dip of the flag and stayed there from end to end. James McLaughlin's Premier was prominent at the start, but got umped out of his stride in the scramble for

bumped out of his stride in the scramble for position at the first sharp turn. Sue Kittie, ridden out to the last ounce, finished second, an open length behind the winner, and haif a dozen lengths in front of Hawarden.

The first upset of the day took place in the third race, when the oddson favorite Successful failed to land the money in the five-furiong dash for two-year-olds. There was a long delay at the post, but the start was good when the flag finally fell. Doggett jumped the favorito out into the lead, and at the end of the first furiong the backers of Successful were reckoning up their winnings, so certain did her victory appear. But midway in the astretch Clayton got through on the rail with the Breekdale Stable's Nay Nay and suddenly challenged the leader. It was a ding-dong drive te the wire, but Clayton's good ride with a good game filly won the race by a short neck. Ellerdie, who finished third, was four lengths away.

There were nineteen suffers in the fifth race.

It was a ding-dong drive to the wire, but Clayton's good ride with a good game filly won the race by a short neck. Ellerdie, who finished third, was four lengths away.

There were ulneteen entries in the fifth race and as sixteen of the lot were ready to go to the post the event was divided. Eight ran in the first division, while the remaining youngsters made the sixth race of the day. Horace Theobald's Esherdown started a hot favorite in the first division, but the bay gelding was never in the hunt. Keefe, on the Westbrock Stable's brown filly Sannle, got off in the front rank, and rushing her quickly into the lead, won all the way without a suggestion of effort. Braw Lad was the only thing in all the field that could get near the Kantaka filly, and he was beaten an open length. The second division developed a better content, but the favorite. Slew Poke, again failed to land the money. Taral got a flying start with the favorite, and he opened a lead of three or four lengths in the first half furlong. Hill was after him in a jiffy, however, with the speedy bay colt Contractor, and at the head of the stretch the latter had closed the gap and gained a slight lead, looking like a certain winner. But Simms rated Brighton just right for a strong finish, and he caught the two numpedout leaders in the last furlong, winning cleverly by a length. Contractor was second, a neck before the favorite.

fore the favorite.

Starter Flynn used a machine in the last race, at a mile, the start being made directly in front of the stand. After some delay a straggling start was made, with Ajax virtually left at the post. Inquirende, the edds-on favorite, got off poorly and was never in the struggle, Helle Washington, Kallirhee, Rama, and Pitfall were in the first flight of the strung-out field as far as the head of the stretch, where Helle Washington holsted the signal of distress and Pitfall forged to the front, coming on and winning handlily by about a length. THE ASAHI WINS AGAIN.

She Wins the So-footer Sweepstake Hace at Newport-Hero Dismasted.

NEWPORT, July 13 .- A senson of sport with 30-footers begun here to-day with a race of eighteen miles in the bay for a sweepstakes arranged by Herman B. Duryea. The wind was strong from the southwest and the sea choppy. The entries were Bayard Thayre's Asahi, sailed by Capt. Nate Watson; Ralph N. Eille's Hero, sailed by C. Burd: H. B. Duryca's Vaquero, sailed by the owner, and W. S. Van Wickle's Esperanza, sailed by Capt. Crocker. The start was from an imaginary line across

Brenton's Cove, and the single turn was the red buoy off Dyer's Island. It was a one-gun start at 2:30 o'clock, all the yachts getting off within five seconds of each other, the Hero leading. They made a long tack to Rose Island. where spinnakers were set for the run before the wind. The Hero not only held her own, but gained somewhat. The turn was made as fol-lows:

Hero, 2:30:15; Asaht, 2:30:26; Vaquere, 2:30:34; Esperanza, s. 30:50.

All save the Asahi made at once for the Rhode Island shore, but Watson, proving himself the best seaman, kept the latter out in the open, where he got rougher water but more wind. One hy one all the skippiers but Mr. Duryea of the Vaquero saw their mistake, and came about for the onen, but it was too late, the Asahi having gained the lead and won the race. Stanbury Eastly Defeats Harding for the World's Championship.

LONDON, July 13 .- The sculling race for the championship of the world, the Sportsman challenge cup, valued at £700, and a stake of £1,000, between Charles R. C Wag") Harding of London, and James Stanbury of Victoria, Australia, was rowed to-day over the Thames course of four miles and three hundred yards. from Putney to Mortlake, and was won by Stan-

There was a slight easterly wind blowing at 3:15 o'clock, when, after three breaks away, the men got off well together. Harding, having won the tosa, took the Surrey side of the river, and pulled a stroke of thirty-four to Stanbury's thirty-siz for the first minute. Stanbury drew away from his opponent at once, leading by a length at the Duke's Head. This lead was increased to two lengths at Beverley. During the rest of the way Stanbury did very much as he liked. At the mile he was three lengths ahead, and when he reached Hammersmith Bridge he had increased the distance between his boat and that of Harding to eight lengths. His time to Hammersmith Bridge was 8 minutes and 17 seconds, to Chiswick Church, 12 minutes and 59 seconds; to hisrnes Bridge, 18 minutes and 17 seconds, and to the finish line, 21 minutes and 51 seconds. Stanbury won by six lengths.

The result bears out the theory held by all professional trainers that "a good big 'un will always beat a good little 'un." Stanbury was touted freely as being fat, singgish in his work, and altogether short of the form requisite to and altogether short of the form requisite to beat such a speedy sculler as Harding. The latter was backed by English critics as if the result were a foregone conclusion. Stanbury has been the undisputed champion of the antipodes for the past four years. He was born at Brisbane, Queensland, in 1886, and after reaching maturity he readily won all the colonial honors. For the past three seasons his rivals allowed him to retain the title, and the enforced inactivity of the colonial crack led Harding's backers to believe they had the game well in hand. NEWS OF THE WHEELMEN. SUSPENSION OF WELL-KNOWN AMA

TEUR RIDERS EXPECTED.

Oldson, It is Said, Intends to Punish All Violators of the Enics-Charges Against the Chairman of the Ence Committee of the Cycle Board of Trade. The suspension of C. M. Hadfield of Newark from competition on the track pending an investigation into his amateur status is accepted by amateur racing men as an indication that the suspension of other well-known riders will follow in a few days. Chairman Gideon of the Racing Board of the L. A. W. has had some of the leading amateur riders under investigation for some months, and his seeming tardiness in making any suspensions is alleged to be due to his desire not to detract from any of the race meets held on July 4 An official of the league intimated yesterday that the suspension of F. F. Goodman of the Riverside Wheelmen is expected this week and that a dozen other well-known riders. who are now masquerading as amateurs, will be called upon to prove that they are abiding by the rules.

A racing man, in speaking of the expected suspension of amateur riders, said resterday that it is about time the Board took some action, as the flagrant violation of the rules is well known. It is alleged that on last Satur day the agents of several tire firms were on hand at the dressing quarters at Manhattan Beach, inducing riders to use their special goods, and that some of the men who received olds accepted both tires and terms, and tha there were some quick exchanges of tires. While in this city on Saturday Chairman Gideon refused to make any admissions in re-lation to the anticipated suspension, but it is said that he locked up the records of several riders who live in the Metropolitan district.

It has been charged that the Chairman of the Race Committee of the National Cycle Board of Trade has a large number of riders competing as amateurs who receive from \$3 to \$10 for each time they win a first prize This practice of giving wheels, racing suits. travelling expenses to promising riders, and money for every win is contrary to the L. A. W. rules, and Chairman Gideon has sent a communication to the Cycle Board of Trade asking for an investigation or explanation of the charges made sgainst the Chairman of its Race Committee. This request may necessitate a meeting between the Conference Committee of the L. A. W. and the Board of Trade, as the latter body is pledged to support the L. A. W. and its racing rules.

The officials of the L. A. W. claim that hotel proprietors in the country are being victimized by alleged agents of the L. A. W., who claim to have the power of naming special hotels for wheelmen. It is the custom of the league to select each year what are called "league hotels," where special attention is paid to the wants of bicycle riders. The proprietors of these places are now anxious to cater to the bithese places are now anxious to cater to the bicycle element, and are seeking to have their
houses selected as official hotels. This fact
has been taken advantage of by a set of sharpers who visit country towns, represent themserves as agents of the L. A. W., and exact fees
from the hotel men. Chief Consul Potter issued the following circular yesterday in regard
to the matter:

A person colling bloom! "A Gardanter Govern!

to the matter:

A person calling himself "A. Gardenier, General Secretary of the Union Cycle League," has been travelling through the Catakilia, selling to hotel proprietors the signs marked "Cycle Haven" and giving to the proprietors "official appointment" as proprietors of "official appointment" as 2 to \$5 each. Mr. Gardenier is circulating a rinted pamphlet in which certain hotes are named as "L. A. W., hotels," A reference to the official record of the L. A. W., totals shows that the houses monitoned in this circular are not official hotels of the L. A. W., and the statements are therefore unauthorized and fraudulent.

Chairman Gidson has decided to uphold the decision of Referee Maddock, made at Morristown, on July 4, in disqualifying F. W. Fullerton from connecting in the final heat of the novice race on account of the latter's victory in the boys' race. Fullerton, who is a young rider, was entered in both the novice and boys' race. He won his trial heat in the novice race, which, according to the racing regulations and league rules, entitled him to compete in the final heat. Before the final heat was run off, the management called the boys' race, which was also won by Fullerton. On account of this victory, the referee refused to allow him to ride in the final heat of the novice race. The decision was declared to be unjust, and the question was submitted to the Racing Board. Chairman Gideon has declared that the disqualification of Fullerton was perfectly justifiable. Such action was unexpected, and it is the gene al opinion among the racing men that a peculiar interpretation has been given to the racing rules.

BATTLE CREEK, Mich., July 13.—Baid,Cooper, and Sanger,Imst in the half-mile race at the National Circuit meet in this city to-day before 0,000 persons. The track was in excellent shape, but the racing was spolled by rain before the close, The finish of the half-mile event was marred by the breakage of a chain by Parker, who was leading the bunch at the upper turn. Johnson was following Parker, and then came Baid. Cooper, and Sanger, with a rider between the last two. When Parker's chain broke Baid flew wide of the laid on the turn. Cooper became disconcerted, and Sanger failed to get under way for the last sprint. Bald gained two lengths on Cooper by his nerve at the right time, and then opened up two more lengths in the sprint down the stretch. Bliss was third, with Loughead so close a fourth that the judges at first gave the rostion to him. Sanger started from scratch in the handicap, but could not eath the field of twenty-five men. Summary:

Gossip of the Ring.

Tommy West, who has not been doing very much fighting for some time, now wants to try his skill against any middle weight for a tidy sum on the outside and a purse.

outside and a purse.

Although the present weather is not very pleasant to train in. Sam Bolan. She clever colored feather weight, who stood George Dixon off for six rounds, fluids ample time to get in condition. Bolan said y-sterday to a Six reporter that he would meet any 125-pound man in the business.

There is some talk of trying to bring Joe Craig of Jersey City and Harry Styles together. Craig has not had an opportunity of meeting a good man for some time, and in Styles his friends think he would find an able forman to try him out. Styles is willing to tackle Craig at any time.

Paul Kelly wonders why, Tommy Dixon of Boch-

is willing to tackie Craig at any time.

Paul Kelly wonders why Tommy Dixon of Rochester fails to respond to his challenge, which appeared in Time Sen receasily. Kelly is very destrous of coping with Dixon and hopes that Dixon will reply one way or the other. Mike Bove, Kelly's backer, says he will find the backing for his man.

"Denver" Ed Smith, who is still in these parts, is seriously thinking of taking a trip to England. Smith is very anxious to meet Bob litesimmons of Carbett with bare knuckles. He thinks that at this tyle of fighting he would have quite an advantage over Corbett and Fits. Smith is at present located at Mechanicaville. He says he is in fine health.

"Jerry Riedy, the local feather weight, is very over Corbert and Fitz. Smith is at present located at Mechanicaville. He says he is in fine health.

"Jerry Riedy, the local feather weight, is very much disastisfied with the result of his contest with Jack Brennan of Brooklyn. Riedy informs Time Sry that Brennan resorted to fouling in that contest and that he should not have received the verdict. Riedy says that he will give \$25 to Brennan if he (Riedy) falls to stop him if they come to gether again.

Tom Duggan and Tom Denny, the two Australian boxers who were to have departed for South Africa on last Saturday, have decided to postpone their trip until to morrow. Denny said yesterday that he has been maiched to box Jinmy Murphy, a brother to "Australian" Billy Murphy, at Johannesburg, and that the meeting is to come off in October. Denny expects to return after the contest is decided.

It appears that there must have been something

is decided.

It appears that there must have been something amiss in the camp of lillly Madden and George Dixon, for how Dixon denies that lillly is his manager and that he has any right to make any matches for him. A boston sporting man informed Nick Long yesterday that in the future Dixon will only box fifteen round "goes" and that if any pugits wishes to meet him he will have to agree to these conditions.

these conditions.

"Young" Griffo, who is in town, appears to have taken care of himself of late. In the eyes of his friends Griffo has not looked so well in a number of years. Harry Tuthill, Griffo's trainer, told Tember's pears that years that had the fight between his repetier yesterday that had the fight between Jark Everhardt and Griffo lasted two rounds longer Ordifo would certainly have won, as he was the strongest man at the finish. Griffo is solicitous of meeting 'Kid' Lavigne, and arrangements, it is said, are under way to match the pair before the kurf A. C. at Coney Island in a twenty-five-round bout at the light weight limit, 136 pounds.
